Gunter Freed by Jury On Cattle Theft Charge Wednesday

J. V. Gunter of San Saba on trial here for cattle theft was acquitted by jury in District Court early Wednesday.

Gunter was indicted by a Grand Jury in District Court here in March. Information on which the indictment was based charged that he had stolen a cow from J. Z. Sandifer of Thorndale on November 30th, 1939, and allegedly took the cow to Fort Worth and disposed of it.

An unusual coincidence in the trial was the fact that one of the witnesses for the defendant, Wm. Longmire, is a brother of Tracy Longmire, foreman of the jury.

Mr. Longmire of San Saba testified as a character witness in behalf of Gunter.

Prosecution was conducted by Criminal District Attorney W. A. (Bill) Morrison, and Gunter was represented by Walter E. Gates, an attorney of San Saba.

Guyon S. Taylor who was charged jointly with Gunter was convicted and is out on bond pending appeal to the Court of Criminal Appeals in Austin.

Penny Machines Are Seized by District Attorney and Deputy

Criminal District Attorney W. A. (Bill) Morrison, reported to the Daily Herald Monday that a number of penny cigarette machines in operation in Milano, Rockdale and Thorndale were seized Saturday by himself and Deputy Sheriff Clarence McCall.

These machines are classed as gambling devices under the law and are not permitted to operate.

Owners of these machines, to recover their property, must enter court and prove they are not gambling devices. If such owners do not prove them legal they cannot establish property rights and the machines will be subject to destruction under court orders.

These machines are often sold to unsuspecting store owners. They are not to be confused with the machines through purchases are made, but are machines where coins are deposited and if certain numbers show in the dial you get a package of cigarettes. These machines are gambling devices and are not subject to legal operation.

Mr. Morrison is making every effort to keep the county free from such law violations. Penny gambling devices are forerunners of the marble and slot machines, if permitted to gain headway.

BANKERS TALK WAGE LAW

PUBLIC ASKED TO CO-OPERATE IN PROBLEM

The Milam County Bankers Association met in the rooms of Mrs. Cato's Cafe on Monday night at 7 o'clock. The following banks were represented: Buckholts State Bank by Ed Kolba, vice president; Thorndale State Bank, Sam Clements, cashier and Norman Clements, assistant cashier; Rockdale State Bank by T. D. Ryan, vice-president; the First National Bank of Cameron, H. M. Hefley, president; and the Citizen's National Bank of Cameron by Oxsheer Smith, president, W. O. Newton, vice president; and Lester Williams, cashier.

After eating one of Mrs. Cato's famous chicken suppers with the trimmings, the chairman, Oxsheer Smith, stated that the purpose of the special meeting was to consider ways and means of complying with the reduction of 2 hours per work week required by the Federal Wage and Hour Act, effective October 24th.

Attention was called to the fact that the government had deprived the bank of much of its revenue by airing into open competition to its many lending agencies and in addition had added to the burdens of the bank by requiring endless reports and detailed information for statistical purposes and that the Wage and Hour Law added a further burden of forcing the work to be done in an unreasonably short period of time or to pay heavy penalties as overtime to employees which banks located in our county would be unable to pay.

It was stated that this presented a real problem and would require the co-operation of all the banks and its customers.

After a two hour discussion at great detail it was decided to ask the public to assist the banks in complying with this drastic, and to the banks as well as the public, unreasonable requirement. With the co-operation of the customers and by expediting the work in the banks, it was thought that the penalty of overtime charges could be reduced to bearable amounts.

To properly acquaint the public with the situation a committee composed of H. M. Hefley, Lester Williams, and T. D. Ryan was appointed to provide the necessity of customers of complying with banking hours.

Editor's Note: In conversation with one of our leading bankers the editor was informed that the penalty of the Wage and Hour Law was so drastic that a single after hour transaction could involve all the departments of the bank and cause a delay of 5 minutes to the entire force which on penalty time would cost \$1.41.

He stated that the banks would make an effort to serve its friends but they must have a sense of fairness and not ask for after hour or before hour service unless of a very urgent and important nature.

Tolliver Pemberton Laywell, 30 year old PWA worker, was the first man to register at the Cameron box on October 16th, it was revealed here by F. S. Lesovsky in charge of registration.

The total number to register at the Cameron box on October 16, was 567 and Laywell was the first man. Mr. Lesovsky deserves much credit for his organization on registration day. The number of men were smaller than anticipated but Mr. Lesovsky was prepared for a much larger number.

BRITAIN WARNS FRANCE AND SPAIN

Hitler and the Vichy government are still involved in diplomatic discussion as Laval goes back to Paris for a second meeting with Chancellor Hitler.

Britain has issued the usual warning to France and Spain to be careful of what steps they take.

Japan has claimed complete control of the Burma road as a result of intensive bombing activity.

The United States has reinforced its policy of good behavior for the far eastern countries by sending two units of the air force to be stationed in Manila.

BUSINESS WOMEN GO TO TEMPLE MEETING

Members of the Business & Professional Women's Club of Cameron attended a meeting of clubs of District 3, at the Kyle Hotel with Temple Club as hostess, Monday evening at 8 o'clock.

Miss Thomasin Campbell, National Field Representative, a journalist, has recently returned from a three years' stay in countries abroad, and was in Austria, and witnessed the Anschluss, the fall of France, and other smaller countries over there and the rise of Italy and Spain into their present world positions.

She gave a graphic description of the women in these countries, as well as the other citizens. Since the outbreak of war there have been 18 B. P. W. clubs organized in England among the women who work down town or city, that they may know the responsibility of women in governmental affairs and to come to the aid of their country in a more business like manner. A banquet was served in the dining room of the hotel with representative from Waco, Temple, Marlin, Cameron and other places.

Those attending from Cameron club were: Misses Lillian Atkinson, president; Rose Rischar, Lalla Meyers, Delphya Scott, Mesdames Katie Robbins, Theresa Robinson, L. Van Perkin and J. H. Britt.

Miss Marjorie Rogers, District Director of District Three, urged that all clubs in this district attend their annual District meeting to be held in Marlin, November 3rd, at the Falls Hotel.

Registration is continuing. Aliens are not only required to register for their status but also must register for the draft.

Charges of felony theft were filed in District Court Tuesday. They were committed to the Milam County jail to await action of the Grand Jury on October 28th.

W. B. MULLINNIX, JR., KILLED EARLY SATURDAY

W. B. Mullinnix, Jr., 18, Yoe High School graduate and member of the football squad of 1939, was instantly killed at 1 a. m. Saturday and Charles C. Curtis, 24, a companion, was seriously injured when the Curtis machine struck a flat car of Valley Junction on Highway 43, case, Judge Gillis being recused.

The accident occurred four miles west of Hearne as the young men were on their way to that city. Curtis said he was blinded by the lights of another car approaching from the east.

Mullinnix died instantly with a broken neck and Curtis suffered cuts about the face and body and sustained other injuries. Curtis is in the Cameron hospital where he was reported resting well Monday.

Mullinnix was a son of Mr. and Mrs. W. B. Mullinnix, Sr., of Branchville. Curtis is a resident of Branchville also and a nephew of Roy Yates of Belmena.

Funeral services were held for Mullinnix Sunday morning at 10 a. m. at the Branchville church and interment made in the Pebble Grove Cemetery. Close boy friends were pall bearers.

Two More Die From Wreck Injuries

Two more young men were dead today from injuries received in an early morning wreck at Lincoln on the Missouri Pacific Sunday.

They were Miford Larson and Kenneth Voelker.

Their death brought the total to 5 to lose their lives in the wreck when their car struck a train at a crossing.

Chas. Brady, Cameron photographer, went to the scene of the wreck to photograph the car and also was in Waco Monday to photograph the train, according to information reaching the Herald.

October 29th is Date First Drawing In Peace Time Draft

Secretary Stimson will conduct the first drawing under the peace time draft on October 29th, it was learned today by the Daily Herald.

The first drawing was due to be made on November 15th. It is believed that the national emergency is responsible for advancing the date on which the first quota of men will be taken to training camp.

Based upon government estimates approximately 120 men will be called in the first draft from Milam County. This number will be subject to credits given for enlistments and may not represent the exact number to be called.

On the whole the draft will be 4 per cent of the total registration. Indications are Milam County will have approximately 3000 men and possibly 3200 when all cards are in.

The local draft board is awaiting receipt of questionnaires to complete the work of classification to make men available for service.

Dick Gunnels Fined \$50 on Conviction Of Aggravated Assault

Dick Gunnels of Hanover, convicted of aggravated assault, was fined \$50 in county court here last week.

The case has been appealed and Gunnels was released on a bond of \$300. A. J. Lewis is his attorney.

Prosecution was conducted by W. A. (Bill) Morrison.

The indictment grew out of a fight in which Gunnels is charged with having struck Rufus Hurry, trustee of the North Elm School. Hurry, according to the complaint was knocked down and injured by Gunnels. The injured man was brought to a Cameron hospital.

The trouble grew out of an argument over a contract sought by Mrs. Gunnels to teach school in the North Elm School.

The indictment was returned last spring but the case was not tried until early in October.

SCHOOL AUTHORITY NOT WORRIED OVER ISSUE

Cameron school authorities were confident today that J. P. Gooch first string guard on the Yeomen team, would be able to prove his eligibility.

A question has been raised regarding Gooch's eligibility but as yet no formal protest has been lodged with the District Committee.

School officials here were hopeful that charges would not be filed and the community at large would get a complete understanding of the basis for the question which has been raised.

Superintendent E. A. Perrin has received copy of a letter written to Charles H. Harris, Georgetown coach by R. J. Kidd, Director of Athletics for the Interscholastic League of Texas.

The letter replies to a question raised by Coach Harris of Georgetown and sets out the basis for questioning Gooch's eligibility.

The facts are substantially as follows: Gooch enrolled in Rockdale High School on Friday, September 6th but did not begin class work, therefore did not attend any classes.

The letter written by Mr. Kidd to Coach Harris sights a case originating in Alpine where a student en-

rolled and attended classes for two or three days, then left and returned to Marathon and was held to be ineligible.

Authorities here believe that Gooch will not come under the findings as in the Alpine-Marathon case because he actually never attended any classes in Rockdale school.

The Interscholastic League rule is a little hazy on the question and grave injustice may be done unless clarification can be had on the point of difference between enrolling and actually attending classes.

Cameron fans are asked to be of good cheer. If Gooch should be held ineligible Cameron would forfeit both the Rockdale and Georgetown games.

Coach Wood may play Gooch against Taylor Friday night because he does not believe him ineligible. On the contrary if developments in the case warrant he would withhold Gooch from the line.

The only unfavorable aspect of the question is the decision of the matter is entirely up to the board composed of superintendents of schools that would benefit by throwing Cameron out and there is no appeal.

FUNERAL SERVICES HELD FOR MRS. MARIE SEIDLER

Funeral services for Mrs. Marie Seidler, 88, who died at her home in Cameron at 3:20 p. m. Tuesday, Oct. 22, 1940, were held from the family residence at 4 p. m. Wednesday, Oct. 23, 1940.

The death of Mrs. Seidler removes from the ever lessening roll of the pioneers, one of the best known and loved early settlers in this section of Texas. Survivors of the Seidler family include many of the prominent families of this and other sections of the state.

Mrs. Seidler died following a long period of illness. She had been an invalid for 4 years and unable to leave her bed. When news came of her death many were deeply touched by the loss of this pioneer woman upon whose life and citizenship had been placed the highest esteem through many years of appreciation for her service and friendship.

A native of Austria, she was born on August 3, 1852. She became the bride of Frank Seidler, Sr., in their native Austria. They came to America like many thousands of pioneers in search of happiness and fortune in the new world. Mr. Seidler died 29 years ago and his death removed from the ranks of the pioneers one of the best loved citizens of the county.

When the family came to America they settled in South Texas near Schulenberg, 55 years ago. Much of the moving colorful history of Texas and the progress of the Lone Star state came under their observation as they gave their portion of service to the country in company with thousands of others who insured the destiny of the empire wrested from Mexico by the revolution.

After leaving their first Texas home in the peaceful farm country around Schulenberg, they moved to Milam county, settling near Marak where they continued to be engaged in farming. In 1933, a step-son, Frank Seidler, Jr., died. The family moved to Cameron in 1912, and Mrs. Seidler had lived in this city continuously since that time.

Funeral services were held for Mrs. Seidler at beautiful St. Monica's church Wednesday afternoon at 4 o'clock. Rev. George J. Duda, pastor, conducted the funeral services. At 7 a. m. Thursday morning the funeral Mass was read in St. Monica's church by Rev. Duda, pastor.

Mrs. Seidler is survived by one brother who now lives in Germany, 4 nephews and one niece who live in Beeville.

Other relatives surviving are Mr.

Window Peepers Are in Danger Says City Marshal

City Marshal Gene Smith today issued a warning to boys who have been suspected of window peeping.

The Marshal said that people in town are considerably aroused over recent burglaries and boys who are seen about homes in the city are in grave danger of being shot because any citizen who minds someone about his home may naturally suspect him as a robber.

Some time ago there was considerable activity among boy window peepers and Mr. Smith was very anxious that there be no recurrence of this practice.

SIX DEMANDS MADE
ON FRANCE BY HITLER

Adolph Hitler and von Ribbentrop have returned from France where they have presented the French Vichy government with a six point demand which would affect their present policy with regard to the English government.

No mention was made of the moves Hitler might make regarding the decision of the Vichy government as the terms of the ultimatum were not yet made known to the public. However France has issued a concurrent statement that she will not enter into war with any other nation unless she is attacked.

Is this a veiled warning to the British pending their possible drive at Hitler through the unoccupied part of France?

The world is now awaiting the outcome of a conference between Premier Laval and the other leaders of Vichy. Chancellor Hitler is now believed on his way to Spain to confer with another possible axis member.

A recent statement from the Japanese government may indicate that Japanese diplomacy ranks with that of Hitler's government. Japan has told Great Britain that the documents closing the three-way alliance of Italy, Germany and Japan contains a clause whereby Japan may select the conditions under which she will go to war with any other nation to protect the axis. This may be an indication of the respect which Japan might hold for possible U. S. intervention.

Looking at the war itself, the bombing raids seem to be taking on serious proportions considering the reports that both Germany and England are undertaking organized evacuation of civilian population from areas under attack. In England, London and in Germany Berlin and Hamburg are being evacuated as quickly as possible of all women and children unnecessary to defense.

The highlight of the far eastern situation today is the news that Britain has indicated that possible grants will be made to the U. S. for naval and air bases in the Pacific. This leaves room for speculation concerning the use of Singapore as a naval base.

HOLD MEETING SUNDAY

The Christian Endeavor Society of the local Christian Church met in the home of Mrs. B. Slocomb in Sunday evening. An interesting discussion on "Improving and Making the Church Appeal to Youth of Today" was given by the pastor, Rev. Lamar Hocker. At the close of the meeting refreshments of cookies and fruit salad were served the guests. In attendance were R. M. Gjedde, Ray Hubert Brashear, Bill Curd, Katherine Hefley, Rose Mary Bennett, Clyde Cummings, Katherine Allen, Rev. Lamar Hocker and the hostess.

The accident was witnessed by August Schiwart, who was walking along the highway at Lincoln. State Patrolman James A. Mason conducted an investigation.

RUSSIA MAY LEAD
TURKEY INTO AXIS

British and Turkish ambassadors were conferring today in what may be an effort to offset diplomatic negotiations by the axis powers which would be the end for the Balkan countries.

Greece and Turkey are known to have a mutual assistance pact which would make Turkey an ally of Greece in the event that Italy should attack Greece. This might be seen as a possible objective to the plans which Hitler will attempt to work out for the axis powers.

But if Hitler's designs on the Balkan states are to be counted as certain it is entirely likely that any non-aggression pact which Turkey might sign with Russia will also contain a secret clause contradicting the mutual assistance pact of Greece and Turkey thus preventing Turkey from coming to the aid of Greece in event of attack by Italy.

With such complications arising in the Balkan situation informed sources are considering the possibility that Hitler was not serious in an invasion attempt of the British

Isles but will seek to destroy the British empire by first gaining control of the Mediterranean by negotiation with Russia. This would then put Germany in a position to take India and dominate the near east and then possibly the far east with the help of Japan.

At any turn the far eastern situation is of vital interest to the United States. The Navy department has issued the statement that all dependents of the navy men in the Japanese area, about 100 in all, will be deported to the United States at the expense of the Navy Department.

Joe, Mary and Cecilia Geiser of Burlington visited in Cameron Sunday.

Bert Cosby of Fort Sam Houston was a week end visitor in the home of his parents.

Miss Berenice McLerran of Austin visited her mother, Mrs. John H. McLerran, Sr., the past week end.

GETS BEER-WISE AFTER MAKING 3 SIMPLE TESTS

Read what Mel Snodgrass says about Southern Select and the 3-way test:

"I'm frank to say that I thought the brand of beer I was drinking was pretty good. But one night a friend of mine got me to make that Southern Select 3-way test and I tell you it was a revelation. I found Southern Select had a better aroma, a finer flavor and didn't have any after-taste. I switched to Southern Select right there. It's the beer for me."

Southern Select is the only beer in the South made with distilled water, only finest all-grain ingredients are used, every drop is aged for months. Just try it!

COUNTRY CLUB HERE CLOSED BY OFFICERS

Cameron Country Club was closed today as the result of action taken by Meade Miller of the Liquor Control Board in conjunction with Criminal District Attorney W. A. (Bill) Morrison, following an investigation of recent occurrences at the club.

B. C. Cluck has been operating the club for some time. This is the second time within the past year or more the club has had difficulty with the law.

District Attorney Morrison told the Daily Herald that investigation disclosed a number of offenses during recent days and charges have been filed in the courts of Justice Womack Brashear in 6 cases, 5 of which were for fighting and one for carrying a pistol.

Frank Newton, on Wednesday night October 16th, is said to have discharged a pistol in the club and District Attorney Morrison said he had filed a case against him for carrying a prohibited weapon.

J. P. Sparks, former candidate for representative, is charged in Justice Court with an affray which occurred several days ago.

Affray charges were filed by District Attorney Morrison against Mrs. Jack Cammer and Mrs. Walter Wallace. Another charge involves an affray between Hersell Anderson and Frank Newton and cases have been filed against each of them.

The Cameron County Club was built about 18 years ago on a hill side overlooking the river valley. It was constructed along with a purchase of approximately 100 acres of land by prominent business men and women of Cameron.

Like many other pleasure ventures the depression wiped it out. Near by is a nine hole golf link. The golf course is still operated by members but the club house more than a year ago was converted into a night club.

According to officers here considerable trouble has resulted at this place during recent months culminating in the closing effected by officers here this week.

Action in this case occurred several days ago. This newspaper has had considerable difficulty in obtaining information and the publishers are indebted to Mr. Morrison for his kindness.

J. W. CARTER IS NOT REMOVED TO AUSTIN

J. W. Carter convicted for circulating an unauthorized petition is in the Milam County jail and was never removed to Austin for safe keeping as reported to the Daily Herald early this week.

Carter was questioned in Austin but brought back to the jail. In reality there is no basis for his being removed anywhere for safe keeping and this is published because of the misunderstanding it has caused and to state in fairness to local officers.

Carter was taken to Austin for questioning only. He has made no statement regarding the burglary charge on which he is held.

MARGARET WARREN IS CRITICALLY INJURED

Miss Margaret Warren, was critically injured early today in an automobile accident near Travis on highway 77 and her two companions, Miss Alice Stalings and Miss Elizabeth McGee, all members of the Yoe High School faculty were also injured.

The school teachers were on their way to Cameron from Waco where they had spent the night as guests of Miss Dorothy Rentfro.

As the car approached a side road near Travis another car driven by a Mr. Ferguson attempted to cross the highway. The car is said to have been stopped temporarily at the edge of the road and Miss McGee who was driving interpreted the move of the other driver as a stop.

When Miss McGee saw she was about to crash the machine, she turned her car into a ditch. The automobile in which the teachers were riding, a Plymouth, was almost completely wrecked.

The car was overturned three times.

Miss Warren was thrown out of the car as it plunged into the ditch. She was taken to a hospital in Rosebud where several X rays were made and the Daily Herald learned through Superintendent E. A. Perrin that Miss Warren suffered a crushed vertebrae and several head injuries. She was reported resting well and will recover.

Miss McGee sustained a cut above the right eye and Miss Stalings escaped with less severe injuries.

JAPS BOMB BURMA IN REPRISAL WAR

The Japanese have bomber the Burma Road today in an effort to cripple the British supply line to the Chinese Empire.

More fighting in the east has occurred with Siam and French Indochina involved in minor border skirmishes arising out of French refusals to demands by the Siamese government for land in Indo-China.

At home in France passive resistance to the German occupation has increased. Indictments are said to have been made against Premier Blum for alleged failure to carry out his duties in office to the best interests of France.

The German air force resumed bombing of England today after a few days recess when 60 planes flew over the capitol. Damage was said to be only slight.

In Washington it is known that a bitter battle has been going on inside the Cabinet over the Far Eastern situation.

Some want war, others are willing to take peace at almost any price.

A British broadcast shortly before noon today said that an invasion of the British Isles had been attempted by Nazi Germany on October 16th. A news story originating in Spain said more than 50,000 German troops had been killed in a violent bombardment from the air by the British. Neither report has been confirmed.

Demonstrations broke out in Norway today and rioting is occurring in France. The government has shot a number of leaders in France but the people continue to demonstrate against Germany and for Britain and the United States.

Three Milam Men Get in California Aeronautic School

Herbert Massengale, John Calvin Haygood and Leon Leonard, all of Cameron, entered Hancock College of Aeronautics at Santa Maria, California on Wednesday, October 16, for the elementary course in military flight training.

After thirty weeks of intensive training under the Air Corps expansion program they may win their wings as second lieutenants in the Air Corps Reserve and fly the latest type of military airplanes.

Training is divided into three phases of ten weeks each—elementary, basic and advanced. Flying Cadets who exhibit proficiency are transferred to basic and advanced schools of the air corps.

While in training flying cadets receive \$75 per month plus liberal allowances for rations and quarters. Upon receiving their commissions they may secure pay and allowances of approximately \$245 per month while on active duty.

Don't let impatience lead you into harsh measures for the relief of constipation!

There's no use, for a little spicy, all-vegetable BLACK-DRAUGHT, taken by simple directions, will gently persuade your bowels.

Taken at bedtime, it generally allows time for a good night's rest. Morning usually brings punctual, satisfying relief from constipation and its symptoms such as headaches, biliousness, sour stomach, no appetite or energy.

WE BAPTIST

Officially Bro. Sanders and wife began their work here last Sunday, October 20th. He preached Sunday morning on "Renewing Our Strength," and Sunday night on "The Joys and Agonies of Salvation." There were good congregations at each of the services. Sunday School was well attended also with 281 present and with an attendance at Training Union of 74.

Now, we turn our backs to backward ways and leap forward to that which is a help in the work of Christ. If we do, hell shall have little influence in our midst. Going forward may mean that you will urge your entire family to attend our services Sunday. Church-going families are the happiest families in any town. Grandfather, grandmothers, dad, mother, brother and sister—we want you all in our services. When you are in our services we promise you a program that will make you feel better because you came.

Age is not counted by clock ticks, moon changes or solar revolutions. Age is measured by the springs of life. When they run dry men are old at 20, 30 or 40, but while they keep running a hundred years leaves one young. Keep young in spirit and in service by being a faithful attendant in our services.

Sunday school at 9:45. Superintendent Wiese urges all members and friends to begin planning now to be in their places Sunday morning. Worship Service at 11:00 o'clock. Sermon "Volunteers not Conscripts in the Army of the Lord"—2 Cor. 8:12 Training Union at 6:15. The program will emphasize Christ's Training for State Missions. If God is to bless Texas Christians must be missionary. Sunday night at 7:30 Evening Worship, sermon "If I Had a Million"—Matt. 10:42.

Killeen's score resulted from a long drive in the fourth quarter to the Belton five yard line where a pass across the goal line was good.

Uncle Sam's Selective Service

3. REGISTRATION-ADMINISTRATION

1. Q—What is the purpose of the registration under the Selective Service Act?

A—The purpose is to get a complete census of all men between the ages of 21 and 36, with a view to determining which are most eligible for military training.

2. Q—When will the registration take place?

A—The President of the United States has proclaimed Wednesday, October 16, as national registration day. Registration booths will be open from 7 a. m. until 9 p. m.

3. Q—Where will the registration booths be located?

A—Each registrant will report to his usual voting box where he will be registered. Customary polling places are being used for registration because the public is familiar with their location.

4. Q—Who will be in charge of the registration?

A—The Governor of each state will be the directing head of the registration, but the key men will be the county clerks.

5. Q—How will the registrars at each polling place be selected?

A—The presiding judge and judges for each voting precinct as provided by the County Commissioners' Court are the registrars. The county clerk will appoint enough additional helpers to complete the registration in one day.

6. Q—Will these registrars be paid?

A—No. They will not be paid. It is the consensus of opinion that the election personnel should be willing to contribute one day's service to the national defense program.

7. Q—Where will the registrars get their instructions and their materials for registration day?

A—The Governor will forward to each county clerk sufficient supplies and instructions for the registration. The clerk will then hold an instruction school for the chief registrars from each precinct, and these chief registrars will in turn instruct the assisting registrars.

8. Q—How many registrants can one registrar handle between 7 a. m. and 9 p. m. on registration day?

A—Experience has proven that it will take an average of 20 minutes per registrant, therefore the average number of registrants one person can handle will be about 30 during the day. Presiding judges will make sure they have sufficient helpers to take care of the registration for each voting precinct.

9. Q—Will the results of the registration be reported?

A—Yes. Local registrars will report results to the county clerk who will relay them to the Governor. When all returns are in, the Governor will make his report to the National Director of Selective Service in Washington, D. C.

From these cards a typewritten list showing each registrants number, name, and address will be posted in the windows of the board's headquarters.

Mrs. Nelson Green has been elected chief clerk of the board and Mrs. Jack Lewis, first assistant. Due to the fact that registration cards number only about half the anticipated number, the board is at this time unable to employ any more help.

For Liberty and Freedom, yes—
but they need land!

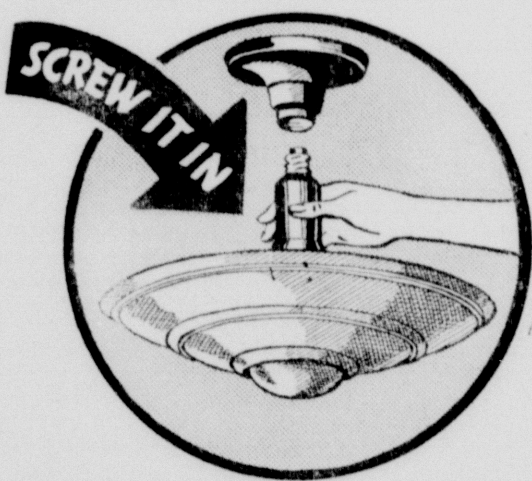

American's first hundred years saw it a refuge for the victims of persecution, both religious and economic. They came to America for Freedom, and they chose America because there was land. You had to own land before you could be free. They built the Democracy that made all men free, knowing that land gave them power to do so. The ownership of land is now a strength in our Democracy; participate in it!

LAND IS WEALTH

Once you had to be a landholder to vote. Once ownership of land was a requisite for the rights of citizenship. Now all of us take part in our government, but the yearning for the land has not left our people—learn the security of owning land. . .

TEXAS POWER & LIGHT COMPANY

THREE KILLED IN WRECK

McDade, Oct. 20.—Three young Travis county men, bound for a day of pleasure at the Texas prison rodeo in Huntsville, were instantly killed shortly after dawn Sunday when their car crashed into the locomotive of a freight train at Lincoln, eight miles north of here. Three companions were seriously injured.

Dead were Edwin J. Dusek, Raymond Lundgren and Wayland Larson. All were residents of the Kimbro community in East Travis county.

The injured were Andy Stenholm, Kenneth Voelker and Milford Larson, also of Kimbro.

Car Demolished
According to relatives, the six left home early Sunday morning, announcing their intention of reaching Huntsville soon enough in the day to obtain good seats for the Sunday performances. The trip had been planned for some time.

Approaching the railroad crossing at Lincoln, the group crashed into the side of the locomotive, which got to the intersection about two seconds before the car could have crossed safely, railroad officials said. The sedan in which the six victims rode was demolished. The engine was damaged to some extent, steps leading into the cab being knocked from their pinnings.

One Decapitated
In the crash, Dusek's body was thrown under the train. He was decapitated. The three injured were taken to a Brenham hospital and attendants reported Sunday night that each of the three would recover barring complications.

Most seriously injured apparently were Milford Larson and Voelker. Both remained unconscious early Sunday night. Larson, brother of one of the victims, had a broken nose and possible internal injuries. He had other cuts and bruises. Voelker suffered internal injuries and had several teeth knocked out. He also sustained cuts and bruises about the head and face. Stenholm suffered a crushed hip.

Dusek Funeral Monday

Wayland Larson, 28, was a farmer of the Kimbro area. Survivors are his widow, a small son; his mother, Mrs. Mary Larson of Kimbro; seven sisters, Mrs. Bernice Jacobs, Mrs. Ruby Benight and Mrs. Carl Swenson of Austin, Misses Bendella, Rosebelle, Katherine and Geraldine Larson of Kimbro; two brothers, Gilbert Larson of Elgin and Milford Larson of Kimbro. Funeral arrangements have not been completed.

Dusek, 19, is survived by his parents, Mr. and Mrs. Joe J. Dusek; two brothers, Joe and Milton Dusek, and a sister, Miss Libby Dusek, all of whom reside in the Kimbro and Elgin sector. Funeral services will be held Monday at 10 a. m. at the Elgin Lutheran church with Rev. H. Engling in charge. Burial will be in Elgin cemetery.

Funeral Pending

Lundgren, 22, was the son of Mr. and Mrs. Carl W. Lundgren. Other survivors are two sisters, Misses Lillian and Doris Lundgren, and two brothers, Howard and James Lundgren, all of the Kimbro community. Funeral arrangements have not been made.

Stenholm, 16, was the youngest member of the group in the car. He is the son of Mr. and Mrs. Andrew Stenholm; Voelker, 22, is the son of Mr. and Mrs. W. F. Voelker.

New Charges May Be Filed In Club Closing Here

New charges were due to be filed today by complaint of an individual growing out of the recent closing of the Country Club, the Daily Herald was informed late Monday.

Search of the records in Justice Court failed to reveal any additional charges.

At least one warrant has been issued growing out of charges to be filed and as soon as the case is docketed the Daily Herald will report on additional details involving closing of the Country Club.

The Daily Herald was told today that furniture at the club house had been moved out and also that there is little likelihood of the place being reopened as a night club.

Ralph McLerran of Beaumont and a friend, Jerry Craven, spent the week end in Cameron with Mr. and Mrs. Archie McLerran.

BRITISH BOMB ALL EUROPEAN OBJECTIVES

In a ten minute talk to the French people today British Prime Minister Winston Churchill tried to combat Italian and German propaganda efforts to destroy any unification of spirit between the French and British people.

Specifically he warned the French people against any sympathetic attention to statements by the axis powers that the British government intends to take over the French navy and French possessions. He tactfully omitted any mention of the Vichy government directing the talk throughout to the French people, telling them to rearm themselves before it is too late.

Mr. Churchill expressed his belief that Great Britain would extend her mastery of the sea to a like mastery of the air and hinted that this would be followed by an offensive by land. This might be interpreted as a threat of invasion while the whole speech may be taken as a stepping stone to British occupation of unoccupied France in a drive at the German land forces. With regard to the rumored German invasion attempt he stated, "We are still waiting for an invasion and so are the fishes."

The air ministry today stated that a raid on the German capital yesterday was the fourteenth since the first of September with a total of nearly half a million pounds of bombs dropped on German soil. The British are also reported to have made the 1600 mile trip to Italy to bomb Milan and surrounding towns near the coast region where Mussolini has been inspecting Italian troops.

It is reported that the United States embassy has been damaged by German bombs in yesterday's raid on London.

Extension Free Mail Delivery Believed Assured for Cameron

Extension of Free Mail delivery in the City of Cameron seemed to be assured as reports came of the progress being made from inspections made here recently by the government.

John R. Hays, postmaster, while not in receipt of final conclusions in the matter, believes the city has an excellent chance of realizing this important and extended mail service.

An encouraging report indicates the extension may bring another full time carrier and make room for additional employees in the local office as a result of increased service.

The City of Cameron has already indicated its willingness to do anything within reason to bring about the free delivery expansion. It was known here today that two streets in the west section of the city will have to be opened up. The expense will be negligible. Some streets will have to be marked.

Mr. Hays is to be congratulated on his fine work in this regard and thanks is due to Mr. Orgain, the inspector who found the possibilities for a greater postal service in Cameron.

Cameron has 600 people or more. The city needs this extension. The Daily Herald early this year brought this matter to the attention of the people. Many have responded by making a plea for the extension.

It is good news the Daily brings to the people of the west, north and southwest sections of the city. Extension of free mail service to those areas seems now assured, thanks to Postmaster Hays and to Mr. Orgain.

RAF BLASING GERMAN NAVAL CONCENTRATION

Britain's Royal Air Force began a new campaign of destruction over Germany today with concentrated attacks on German naval bases at Kiel and Hamburg.

For the first time in days the British navy has begun an attack indicating that the British and French may yet be drawn into a war against each other.

Russia informed the British government today that she would not enter into a co-operative effort with the British. This would seem to indicate that the Anglo-American feelings to the Soviet has fallen short of the projected to understanding with Russia.

In the Balkans tension continued to mount and there was a feeling that the long expected Axis drive into that section of Europe was under way.

In the far East Japan was reported to be more conciliatory and indications were the firm policy of the United States may stave off a war and defeat Hitler and Mussolini who have attempted to bring about a war between Japan and the United States.

On the whole there were no new developments and the war was still one of ceaseless air attacks between Germany and England.

Ben Atkinson of Austin is here on a visit with relatives, and also is visiting relatives at Maysfield.

Way "Build-up" Helps Will Interest Women

The cause of a woman's periodic suffering from headache, irritability, cramp-like pain, may be functional dysmenorrhea due to malnutrition, a condition that is often helped by CARDUI.

Principal way CARDUI helps is by stimulating appetite and the flow of gastric juices. Thus it may aid digestion; help build up a woman's strength, energy and nerve-force; so increase physical resistance to periodic discomfort.

It also helps reduce periodic distress for many who take it a few days before and during "the time." Your confidence in CARDUI is invited by its 50 years of popularity.

Pastor Continues War Topics Sermons Presbyterian Church

Mounting interest in questions of National and International Crises has led many people to the doors of the churches in these anxious days.

The need for proper leadership in public and private thinking has occupied the mind of the ministers in recent weeks.

In keeping with the thinking of many people, Rev. O. C. Acree, pastor of the Cameron Presbyterian Church offers another interesting and much talked about subject for Sunday morning at 11 o'clock "Shall We Tolerate Pacifists and Conscientious Objectors."

The Conscription Act and the subsequent registration of the nations man power for possible military service has given rise to much discussion in the Press, Pulpit and platform.

A large crowd filled the auditorium of the First Presbyterian Church last Sunday to hear the pastor on the subject of right praying in the present crisis. The membership of the Presbyterian Church cordially invites the public to attend all the worship services Sunday.

The theme of the evening message will center around the insincerity of many of God's people as touching their church vows. The subject is "Religion's Irrevocable Demand."

YUGOSLAVIA IS SENT ULTIMATUM BY HITLER

Russian troops have crossed the Rumanian border.

The big question of the hour is whether the Soviet will give aid and comfort to the Axis powers or stand firm with her allies with Yugoslavia and Turkey.

Adolf Hitler early today sent an ultimatum to Yugoslavia demanding economic surrender and further demanding that the Yugoslavian people must become slaves of Nazi Germany to produce food to feed the Reich.

Turkey and Greece announced a full fledged military alliance. Soviet Russia was reported as already having given Turkey "Moral Support" in the announced determination of the Ottoman Empire to resist German expansion in South-eastern Europe.

The worst possible conception of Soviet perfidy would be to lead Turkey into the camp of the Nazi and by so doing bring about another Polish scuttle.

The answer to these questions will be answered within the next few days only partially. If Russia expects to remain neutral it means the eventual dissolution of the entire Balkan states.

Meanwhile both Berlin and London were being rocked to their foundations by the most devastating bombing attacks of the entire war.

Germany was subjected to the most severe attack yet made against

Bulldogs Defeat Marlin, 16 to 0 Thursday Night

The O. J. Thomas Bulldogs journeyed to Marlin last night to clash with the heaviest team in the Conference, but the shifty Cameronites defeated the Marlin Bears 16-0.

The Bulldogs score waved over in the second quarter when Co-Captain Johnson tackled a Bear back behind their own goal line for two points. The Bulldogs came back in the second half fighting desperately and on six drives from their 35, Gipson carried the ball over and Heard converted. Reeves kicked to the Bears 5 and on two plays the Bears fumbled and Anderson recovered for the Bulldogs on four drives.

The final score was Thomas Bulldogs 16; Marlin Bears 0.

Notice

On October 24, 1940, the employees of all banks will come under the forty hour week provided by an Act of Congress known as the Fair Labor Standards Act. (Wages and Hour Law.)

This means that in order to comply with this law, the employees of the banks must complete their work for each day in not more than six hours, forty minutes.

It is the desire of the banks of Milam County to give the maximum of service to every customer under the circumstances, and we feel that when this law is understood by them, that they will be glad to co-operate with us in our effort to conduct the business so that we can get the work done in the time allotted under this Congressional Act, —that is six hours, forty minutes work for the employees, for each day.

The banks of Milam County will continue to open and close at the same hours as heretofore, but earnestly request your co-operation and ask that in future you endeavor to transact all of your business with the banks during the open hours and that no request be made for before and after hour service, as you understand that the Banking Department requires that all business for each day be included in the book-keeping records of the bank. It will, therefore, be seen that if checks are cashed or deposits are made before or after hours, all of the employees will be compelled to wait until those items are listed and given to them for recording.

Remember the date, Thursday October 24, 1940,—and endeavor to transact all business with the banks after that date, during the open hours so that we may comply with the provisions of this law. Your help will be greatly appreciated and we assure you of our efforts to give you the best possible service.
